

'FRESH and NEW'

Jeanne Krabbendam
in person
mixed media workshop

SECOND DATE ADDED

I would like to invite you to join our first 'IN PERSON' workshop at a new location:

I have booked The Mayer Studio, a beautiful LARGE studio space for teaching workshops, perfectly organized and arranged so you can maintain social distance. I will be working with a limited number of people per workshop (minimum of 6 and a maximum of 10 students) in a large, 2000 sf studio space with private bathroom and a sink for cleaning brushes. Individual workspaces will be at least 2 meters apart from one another, so there is lots of room. The studio will be stocked with disinfectant spray, wipes and hand soap. Bring your own bag for garbage and take it home to dispose of.

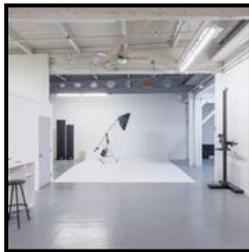

Following the government guidelines, if you want to socialize with friends and plan to be closer than those 2 meters apart, you will have to wear mask and gloves (bring your own).

This first workshop of the season is planned for mixed media techniques in acrylic paintings.

Get ideas to layer your artwork and create depth through mixed media applications: participants can bring a finished piece *and* a new surface to work on (with a plan).

We will be taking time to look at art works to see how you can enhance your work and which techniques are most applicable to your art practice. I will also be demonstrating different techniques as well as coaching and guiding you in performing them yourself. It will be a full afternoon of explorations in acrylics and mixed media.

Come home with fresh ideas and new inspiration!
